

HYDRODIPPING

OFFERING

TO PERFECTLY MATCH YOUR READERS
TO YOUR ENVIRONMENT AND AESTHETIC.

BUILT TO IMPRESS. MADE TO ENDURE.

To bring our designs to life, we use hydro-dipping one of the most advanced customization techniques on the market. This water-transfer printing process allows complex patterns to be applied with exception. **The finish is uniform, durable, and wear-resistant.**

WHAT IF OUR READERS BLENDED SEAMLESSLY INTO YOUR ENVIRONMENT?

WHAT IF SECURITY BECAME A TRUE WORK OF ART?

With our Architect® reader customization offering, security does more than protect, it enhances the experience of your spaces. It integrates seamlessly into your environment, elevates your interior design, and becomes a fully-fledged element of your architecture.

UNIQUE READERS, TAILORED TO YOUR WORLD

Each reader becomes a design piece, a reflection of your identity and a statement of your style. With bold customization options, your readers are no longer just technical devices, but true visual signatures. Security that blends into your spaces... or defines them with character.

HIGH SECURITY.

COMPLETE CREATIVE FREEDOM.

BOLD VISUAL IMPACT.

YOUR READER IS A MASTERPIECE

Each model reflects a clean, distinctive style. With extensive customization options, STid empowers you to design your own reader, perfectly aligned with your brand colors and **seamlessly integrated into its installation environment.**

Your logo can be applied using UV digital printing or pad printing, while the casing can feature decorative material effects or be finished in any color, without limitation. The result: a reader that's as unique as your imagination..
