Tag Service

Custom smart cards & tags

RFID Card & Tag Customization Solutions

Customize your access control
to your corporate image.

+ A tailor-made know-how

STid offers value-added card & tag services for your contactless identification applications by customizing graphical and technological elements of your RFID card & tags. Our special processes and equipments offer you a tailor-made card production, with fast responsiveness and high quality personalization.

+ Data security control

All your sensitive data handled by Tag Service is stored safely and confidentially (covered by a non-disclosure agreement). All technical customization services for cards (encoding, mapping, etc.) are managed over a secure link.

+ Our DTP skills at your disposal

STid assists you in creating your personalized card & tags. Our skilled team of graphic designers are ready to listen to your needs, to produce all your visuals and customize your cards according to your specifications and corporate style guidelines.

Complete personalization services for all your RFID applications

STid offers a wide range of multi-technology cards and devices (contactless or contact chip, magnetic stripe, dual-frequency, dual-interface, NFC...): ISO cards, key holders, wristbands, disc tags, labels...

Service provider with a full industrial process, STid integrates all the design and distribution steps of its products: research, manufacture, inserting, customization, routing services, specific packaging...

Secure data printing in order to increase the access security level

Corporate card printing in accordance with the graphic agreement

Gold or Silver high quality printing for special events

User data printing to unify and strengthen the process

Available technologies

125 KHz Cards	Standards	Chips	Options
		EM4200, EM4550, EM4205, EM4305	Optional HiCo magnetic stripe (magstripe), basic or high quality version
		Hitag 1, Hitag 2, HTS256; HTS2048, HitagSRO64	
		ATA5567, ATA5577	
13.56 MHz Cards	Standards	Chips	
	ISO14443A	MIFARE Ultralight® & Ultralight® C, MIFARE® Classic & Classic EV1 1K, 4K	
	ISO15693	MIFARE Plus® & Plus® EV1 S/X 2K, 4K DESFire® EV1 & EV2 2K, 4K, 8K	
	ISO14443B ISO15693	ICODE SLI, ICODE SLI-S, X, L	
	Legic RF	Picopass® 2K, 32KS	
	ISO14443A	Prime: MIM256	
	ISO15693	Advant: ATC2048, ATC4096	
		Advant: ATC128, ATC256, ATC1024	
UHF Cards	Standards	Chips	
	ISO18000-63	Monza 4	
		Higgs® 3	
		UCODE	

▶ Graphical customizations

- ▶ Full color printing (up to 3600 dpi)
- ▶ Monochromic printing
- ▶ Sequential numbering printing
- ▶ Physical numbering printing
- ▶ Metallic effect printing
- ▶ Marking* (key holders)
- ▶ HD graphical customization variable as overlay
- ▶ Contact module insertion
- ▶ Laser serialization
- ▶ Phone sticker or smart object integrated into the card
- ▶ Indoor & outdoor multi-technology sticker (NFC, HF, LF, UHF)

* Different kinds of printing are available: laser, inkjet, thermal transfer.

▶ Custom encoding

Makes it possible with programmable cards to simplify the access control setup. More information, contact our Tag Service.

▶ Security customizations

Security skill screen printing

- UV / Fluorescent
- Bi-fluo
- IR

RFID Chips with antenna
Mono-technology
or dual-frequency (HYBRID)
versions

Additional services

- ▶ Mail edition, combination, direct mail
- ▶ Specific packings (boxes, sleeves, etc ...)

UV

Holograms
and holographic
strips

► Discover all our identification credentials

Mono or dual-frequency cards

RFID cards: 125 kHz
13.56 MHz / UHF

HYBRID cards
125 kHz + 13.56 MHz

HYBRID cards
125 kHz + UHF

HYBRID cards
13.56 MHz + UHF

RFID key holders, wristbands & stickers

Standard Prox
key holders - PCS

Graphic Prox
key holders - PCG

Design Prox
key holders - PCD

Round Prox
key holders - PCP

Leather Prox
key holders - PCC

Prox Epoxy
key holders - PCE

Prox wristbands
BMS

Silicone wristbands
BSI

NFC stickers
ETS

► Accessories

- Flexible and rigid card holders
- Lanyards
- Cords
- Clips and fasteners
- Flexible and rigid case-cards, etc.
